Sir

**Subject** — Allotment of Town Improvement grant to Bangalore District for the year 1929-30.

With reference to Government Order No L 4801-808/11 107-28-62 dated 16/18th January 1929, re the comprehensible programme of Town Improvement works for 5 years in the constituent Municipalities of this District, I have the honour to submit herewith the statements received from 10 Municipalities in the matter

2 As the Municipalities are awakening to the needs of modern life - but have not the financial means to achieve them in a manner that would transform the urban life into what it ought to be, I request you to - kindly place before Government the needs of Municipalities for favourable consideration

3 Last year only a sum of Rs 8000/- had been sanctioned to this District which could be allotted only to five Municipalities As special attention is being paid to the Municipalities of Chennapatna and Closepet, wherein there are certain recurring commitments each year e g, Government's share of cost of constructing a Town Hall at Chennapatna - during the recent District Conference every Municipality pressed for the need of the distribution of the Government Grant to them equitably While the needs of some Municipalities such as Chennapatna and Closepet have had to be provided in preference, it is but right that the rest - clamour for their due share Hence I request that as many other Municipalities are pressing for grants from State Funds each year for impending improvements as drainage and water supply, Government will be pleased to sanction not less than a sum of Rs 15000/- for Town Improvements in this district as detailed in the margin during the current
